

GRANDMA NEVER LET
HER HAIR GET GRAY

Kept Her Locks Dark, Thick, Glossy,
with Sage Tea and Sulphur

When you darken your hair with sage tea and sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Adv.

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

A barn and contents located in Woodford and belonging to Newman Harrington were burned Monday, the fire being caused by an overturned lantern. A horse was saved.

The marble mill at Helden, which is owned by the Vermont Marble company, and which has been shut down for nearly two years, has been reopened. It is understood that the plant will run now to its full capacity.

Rev. R. W. Magoun, former rector of St. Luke's church in Fair Haven, is to succeed Rev. F. Barnby Leach as curate at St. Paul's church, Burlington, and will begin his duties there May 1. Mr. Leach officiated at St. Paul's Sunday for the last time and will go this week to Montpelier to begin his work at Christ church next Sunday. Mrs. Leach will join him there later.

A fund of \$2,500 is being raised at Williamette college by Rev. Dr. Carl G. Downey to build an alcove in the university library in memory of the late Rev. Dr. John H. Coleman of Rutland, who died in Rutland Oct. 14, 1914. At the time of his death Mr. Coleman was superintendent of the Burlington district of Methodist churches. He was president of Williamette college from 1902 to 1908.

VERMONT FAVORS HUGHES.

According to Stanley C. Wilson of Republican State Committee.

Burlington, Feb. 23.—Stanley C. Wilson of Chelsea, chairman of the Republican state committee, is in the city to attend the States district court.

Mr. Wilson was asked as to political sentiment about the state and the plans of the state committee.

"The state committee is waiting the result of the vote on the primary referendum at March meeting," said Mr. Wilson; "if the referendum passes, it becomes effective March 20 and the people will proceed to express their preference for president under the new law, by filing with the secretary of state such preference."

"Should the referendum be defeated the state committee will proceed at once to call a state convention for the election of delegates to the Republican national convention to be held at Chicago, June 6-8."

"While I find considerable Roosevelt sentiment about the state," continued Mr. Wilson, "the expression for Mr. Hughes is far more pronounced, and I believe that the convention would favor him for president."

The state committee remains the same as it was at the last election.

MORE MEN GET RAISE.

Howe Scale Workers at Rutland Get 10 Cents a Day More.

Rutland, Feb. 23.—Following close upon the action of the first week in the present month, when day laborers to the number of some 300 employed by the government were given an increase in wages of 10 cents a day by the Howe Scale company, the concern has this week announced an increase of a similar amount to piece workers. It is said that about 350 men are affected by this advance in wages.

A committee of piece workers, representing the different departments, visited the offices of the company and asked for more wages and the 10 cent advance is the result. Men who do piece work average to receive about \$15 a week, it is said, but some make considerably more and some less. The 10 cents is given as a bonus over what a man earns at his regular scale.

MORE RHEUMATISM
THAN EVER BEFORE

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken

Our old friend Rheumatism is having his inning this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather; keep your feet dry; drink plenty of lemonade, and avoid strong alcoholic drinks.

If rheumatism gets you, or sciatica, and you have sharp twinges, gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists know about Rheuma; it's harmless, yet powerful; cheap, yet sure, and a 30-cent bottle will last a long time. Ask the Red Cross Pharmacy or any druggist.—Adv.

ORANGE COUNTY
FARMERS' ASS'N NOTES

The following notes are furnished for the week ending Feb. 19:

The farmers' meeting at Randolph Center Thursday and Friday of last week was well attended. The talk by Mr. Wilson on the farm survey of Randolph aroused much interest and I think when these records are taken another year that much more accurate records will be available. The taking of the record gave more than one man a clearer realization of how little he knew about his own business. The county agent would be glad to assist any farmer who wishes to work out for himself a system of farm accounts which are simple and will give the results of his year's work in an understandable shape.

Other meetings at which talks were given by the county agent last week were at the Congregational circular conference at Randolph on "The Farm and the Church," and the Randolph Merchants' association banquet on "Agricultural Extension Work in Vermont."

This coming week the county agent expects to be present at the creamery meeting held at Tunbridge under the auspices of the state department of agriculture Feb. 26, and the Randolph grange Feb. 26, where a summary of the farm survey will be given.

Summary of the week:
Farmers visited 0
Letters written 14
Office calls 0
Telephone calls 1
Meetings addressed 3
Attendance 225
Miles traveled 14

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a nasal action, carrying off the waste and poisonous matter that a system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts in active bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists.

MARKETS

The Butter and Egg Market

Is Quiet and Unchanged

yesterday morning. Notwithstanding the holiday, business was transacted as usual and receipts were readily taken at full prices. Hog buyers were bearing the market a little, though dressed hogs were unchanged.

Beef cattle held up well, with best steers selling at 8 1/2c to 8 3/4c, though only an occasional pair brought the top price.

Good cattle sold at 7 1/2c and light cattle at 6 1/2c.

One lot of 18 heifers, averaging over 700 pounds in weight, sold at 6 1/4c, and an occasional fat cow or single heifer brought 6 1/2c, or a little more.

Good cows brought 5 1/2c, ordinary cows 4c to 4 1/2c and canners 3 1/2c.

Some fancy bulls sold at 6 1/2c, but average stock brought 5 1/2c to 5 3/4c, and hologna bulls 4 1/2c.

Calves went as high as 9 1/2c, or a little more for fancy, but most of the large lots sold at 8 1/2c, with fair lots at 7 1/2c and grassers and drinkers at 5 1/2c.

Hogs were somewhat easier, with buyers bidding 8 1/2c to 8 3/4c, though dressed hogs were unchanged. Rough lots brought 8 1/2c, and boars 4 1/2c.

Lambs are scarce and rather high, best eastern lambs bringing 7 1/2c, but choice western lambs are quoted up to 10c. Sheep were unchanged at 5 1/2c.

Arrivals of milk cows were light, but the demand was also moderate and prices were barely sustained at \$40 to \$60 for ordinary, \$60 to \$75 for good, and \$80 to \$100 for fancy milkers.

IN BOSTON MARKETS.

Egg Market a Little Firmer, Otherwise No Change from Last Week.

Boston, Feb. 23.—There is little change in the local butter, cheese and egg markets from the conditions of late last week. A slightly firmer feeling is observed in the egg market as a result of the cold weather, but receivers are not able to advance prices any, for buyers have fixed ideas as to prices and are not inclined to go shopping when prices are quoted above what they are willing to pay. There is no scramble on the part of buyers to secure supplies of fresh butter and as the clearance of receipts is a slow process, efforts to bring prices more in line with those in other markets do not meet with much success. Most distributors are using storage butter and there is enough of that kind of stock. The cheese market continues dull, but prices are firm in the lack of large receipts and because most of the cheese here is in a few strong hands.

Jobbing quotations:

Butter—Fancy northern creamery, tubs 34 1/2c, boxes 35 1/2c to 35 3/4c, prints 35 1/2c to 36c, fancy western creamery 33 1/2c to 34c, fancy storage creamery 30 1/2c to 31c, good to choice creamery 29 1/2c to 30c, fair to good 27 1/2c to 28c.

Cheese—New York twins, fancy 18 1/2c to 19c, fair to good 17 1/2c to 18c, Young America 21c to 22c.

Eggs—Fancy hennessy 31c to 32c, choice eastern 30 1/2c to 31c, fresh western extras 29 1/2c to 30c, prime firsts 27 1/2c to 28c, firsts 26c to 27c, storage extras 22 1/2c to 23c, firsts 20c to 21c.
